

How to Navigate to Your Courses in webCampus

There are a number of ways to navigate to your courses on webCampus. Choose the method that best meets your preferences.

Via the WebCampus home page Course Categories drop-down menu

The webCampus home page lists resources and course categories. You can search for courses using the **Search courses** feature or expand the categories to find your courses.

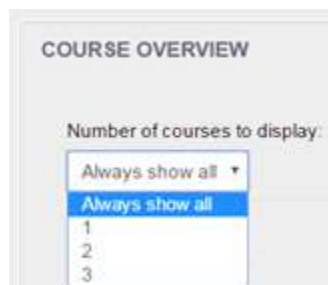

Via the Dashboard page

Click on the **Dashboard** link along the top of the webCampus homepage to review a list of courses you are enrolled in as a student or instructor.

You can customize your course list by clicking on the **Customize this page** button in the top right corner of the screen.

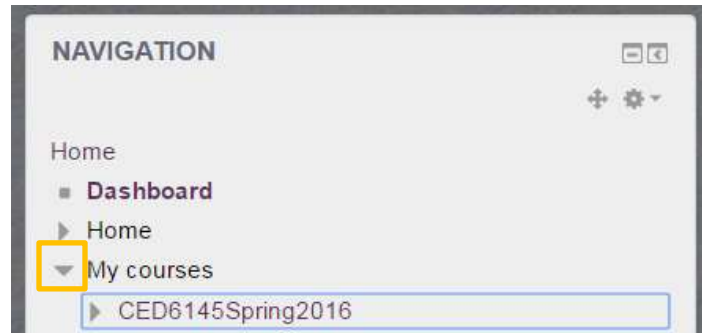

The *Customize this page* feature allows you to control the number of courses that display and prioritize your list.

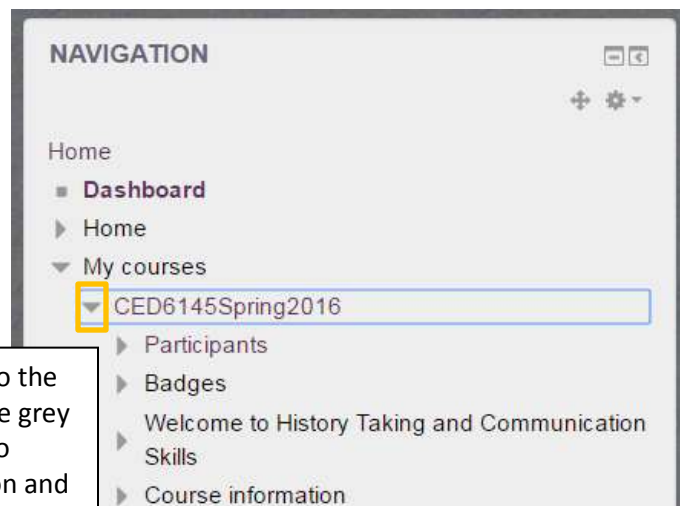

How to Navigate to Your Courses in webCampus

Via the Navigation block

You can also use the **Navigation** block to access your course. Click on the grey arrow to the left of **My Courses** in the navigation block to view your courses.

You can click on the course name to go to the last page that you viewed in the course or click the grey arrow next to the select the course page you want to access.

Each title is a link to the course section. The grey arrows allow you to expand each section and select the activity to navigate to as well.
